Baoqiang Zheng (Bao) is a professional consultant with over 20 years of experience in construction dispute avoidance and dispute management. He has been involved in claims for major infrastructure schemes around the world and has acted as delay expert.

Baoqiang Zheng enjoys a fantastic reputation in the Chinese market with peers describing him as “a solid planner who thoroughly understands delay analysis”.

WWL Global Elite Thought Leader – Consulting Experts – Construction – Quantum, Delay & Technical 2023

Baoqiang has assisted the named expert on a number of occasions in matters of delay. This has included the production of expert reports in arbitration proceedings regarding industrial and infrastructure projects. He has also acted as named delay expert for a combined cycle power plant project in Europe and a coal fired power plant project in South East Asia.

Baoqiang specialises in project planning and forensic delay analysis. He has been directly involved in a variety of major international projects across Africa, Asia, Australia, Europe and the Middle East; regarding the preparation and defence of claims, disputes and arbitrations on behalf of contractors, subcontractors, clients and legal counsels.

Baoqiang has extensive experience in buildings, infrastructure, oil and gas, power and transportation projects. He has provided services including contract administration, contractual and commercial management, due-diligence, procurement, contract negotiations,
