Expert Highlights

- Widely experienced quantity surveyor.
- Regularly supports named expert for disputes in arbitration and litigation.
- Formulates, leads and delivers on complex assignments.
- Practising member of the Academy of Experts.
- Trusted advisor and mentor.

Guy Lawrence is a quantity surveyor with over 35 years of construction industry experience. He has assisted the named quantum expert on 14 occasions.

Guy has deep technical knowledge. He is a straight-to-the-point and objective expert – he wastes no time. Guy is a pleasure to work with.

WWL Construction Expert Witnesses 2023

Guy provides advice and support to parties and their legal representatives in adjudication and arbitration proceedings regarding both domestic and major international project disputes. He regularly acts as lead assistant to internationally renowned quantum experts and is widely experienced in the coordination of complex disputes and analysis to inform the expert's report.

Guy has undertaken roles across all areas of quantity surveying including contract management, pre-contract procurement, tender analysis and post-contract financial administration and cost control. He has extensive industry experience ranging from rail, marine, superyachts and shipping, offshore and onshore oil and gas facilities, and floating production storage and offloading (FPSOs) to airports, civil engineering, buildings (retail, commercial, industrial, and housing), mechanical and electrical, and communications.

Guy specialises in all aspects of quantum including the preparation, analysis and submission of complex actual cost verification data and audits. He has a strong commercial and contractual background.

Guy is a member of the Chartered Institute of Building and a member of the Chartered Institute of Arbitrators. He is a practising associate
