John Jones is a Chartered Quantity Surveyor with over 20 years of construction and engineering industry experience. He has a background of working for both subcontractors and main contractors and has acted as an independent quantum expert on more than 35 occasions.

John Jones enjoys a fantastic reputation in the construction market which sees him regularly advise clients in the infrastructure, oil and gas, process plants and power sectors among others.

### **WWL Consulting Experts – Construction – Quantum Delay & Technical – Future Leaders 2023**

John has significant experience in the preparation of expert reports and has been engaged as single and joint party appointed expert by instructing solicitors to produce expert witness reports on quantum matters in UK litigation, arbitration and adjudication. He is a practising member of the Academy of Experts, a fellow of the Royal Institution of Chartered Surveyors and a member of the Chartered Institute of Arbitrators. He holds a master of laws degree in construction law and an Edexcel Advanced Professional Award in Expert Witness Evidence (LETAPAEWE).

John specialises in final account preparation, claims management, dispute avoidance and dispute resolution. He is regularly appointed to prepare or independently assess claims for disruption and prolongation.
