Expert Highlights

- Experienced in planning complex projects and related delay issues.
- Clearly presents the delay case in a readily understandable format.
- Proven as credible witness under cross examination.
- Vast experience as both named expert and assistant expert.
- Delivers masterclasses on varied planning approaches.

Michelle Metz is a planner by training and has over 30 years of experience in the construction industry. She has worked on a wide range of projects, acted as delay expert and expert assistant on multiple occasions.

Michelle Metz is a leading delay expert with vast experience handling high-value construction and engineering disputes involving oil and gas projects, rolling stock, power generation, transportation, infrastructure, defence, and high-rise building projects.

WWL Consulting Experts – Construction – Quantum, Delay & Technical 2023

Michelle has acted as expert, or assistant expert, on complex disputes for projects with values in excess of US\$250 million. She has experience as a party appointed delay expert and has given oral evidence to an arbitral tribunal in Hong Kong.

She is able to draw on her strong planning background to both assist and advise clients on matters of delay to construction and engineering projects. Michelle also provides advice on the preparation of time related claims, master programmes, associated updates and reviews, the management of time risks and extension of time assessments.

Michelle's site planning experience includes major highways, complex rail and high-rise tower block projects and commercial fit-outs across Asia, Europe and the UK.

Michelle has presented at various seminars, on the subjects of scheduling, delay analysis methodologies and programming challenges
