Patrick Hebreard has over 20 years of experience in the energy industry. He has been appointed as an expert regarding quantum of damages and industry standard issues on more than 20 occasions.

Patrick is one of the world's leading experts on energy and gas disputes. He is smart, organised and pragmatic. He is super smart, personable and very convincing.

### WWL Thought Leaders – Arbitration 2023

Patrick specialises in international arbitrations and has been cross-examined on numerous occasions, including giving concurrent evidence (hot-tubbing). He has acted as expert in many energy contract and energy infrastructure related cases for clients across Europe, Africa, Asia, the Middle East and South America where damages claimed exceeded \$1 billion.

Patrick has significant experience of the gas, LNG, and power markets. He has negotiated multiple long-term supply and purchase, transportation, and tolling agreements. Having acted as buyer, seller, producer, shipper, regasification capacity holder, pipeline operator and shareholder, he enjoys a broad and unique perspective on the commercial, contractual, regulatory, and financial issues to be considered. In addition to his activity as expert witness, Patrick advises companies on economic, commercial, regulatory, and strategic issues
