Accounting & Commercial

Tim Overman is a Professional Engineer and Certified Management Accountant with over 30 years of experience. He has specialized in the investigation of financial, causation and project scheduling issues, primarily related to government contracts and construction businesses.

Tim has presented his findings and opinions in settlement negotiations, mediations, administrative hearings, arbitrations, depositions, and at trial.

Tim's industry experience encompasses aerospace and defense, casinos and resorts, electrical and electronics, equipment leasing, healthcare, manufacturing, oil and gas, industrial, power generation, professional services, software development, telecommunications, and transportation.

Tim has assisted architect, engineers, contractors, government agencies, owners, subcontractors, and their counsel with the avoidance, investigation, and resolution of complex business disputes. Tim has also worked as an engineer focusing in the areas of construction, evaluation of structures, field and laboratory testing, and structural engineering.

Prior to joining HKA, Tim Overman was a Vice President with The Kenrich Group; a Director at Navigant Consulting, an international consulting firm; a Vice President at Tucker Alan Inc.; and a Principal at Peterson Consulting. Tim also worked at CTL Group and Duke Energy.
